Subject: Local Article on the CFAC meeting

Hi Julie and Joe,

I wanted to send along this article from the Hungry Horse News that details the public meeting we had last week in Columbia Falls. The Hungry Horse News is a weekly paper, published on Wednesdays, which is why the article is just now coming out.

We think the article does a good job of documenting the meeting and explaining some the different concerns voiced by folks.

Let me know if you have any questions or concerns!

Rob
